

TRM 781

Experience™ Series

TREADMILL

Product Highlights

The TRM 781 combines essential reliability and ease-of-use with touchscreen technology at a value just right for you. This treadmill is designed to optimize performance and maintenance for you while providing a comfortable and effective workout for your exercisers. The simple, clean design holds up under heavy commercial use, ensuring your investment will last into the future.

Product Features

1. P84 Touchscreen Console

The P84 console offers a brilliant 16-inch touchscreen that provides the best blend of performance, fitness, and entertainment that your exercisers expect. It's designed to deliver a best-in-class content suite with engaging workouts, wireless casting with access to thousands of third-party workout and media apps, and integrated Pluto TV, so exercisers always have the content they want, right at their fingertips.

2. Motor Drive System

The motor drive system improves performance, efficiency, and reliability through improved internal cooling, a wider operating range, and unique input current averaging to identify more precisely when a running belt requires replacement.

3. Integrated Footplant Technology™

Recognizes exercisers' natural foot speed and matches every stride for an ultra-smooth feel that enhances their workout experience.

4. Ground Effects® Impact Control System

Our patented system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers' feet hit the belt and added rigidity at the back for a firm push-off.

5. Active Status Light

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.

Storm Grey

Refined colorways with dark Tungsten covers and two frame color options, Storm Grey and Black Pearl.
